

Super Ripper

Product Description:

A one stop shop product for extra heavy duty cleaning / degreasing of all surfaces. Has absolute superior cleaning ability enabling cleaning of all hard surface areas, including dirt, oil, & grease from truck bodies & under-bodies & engines, heavy soils from earth moving equipment, floors, truck curtain sides & many other types of surfaces which may require an extra powerful cleaner / degreaser.

Product Applications:

Suitable for cleaning of all heavy duty equipment. Has powerful oil & grease cutting additives incorporated & therefore can remove hardened oils & grease.

Recommended Dilutions:

| | |
|--|---------------------------|
| Removal of oil/grease & heavy soils | 5 - 10% in water |
| Removal of light soils & road film | 2 - 4% in water |
| Water blasting | 1 - 2% in water |
| Suggested water temperature for optimum cleaning | 50 - 60°C i.e: warm water |

Features & Benefits:

- Powerful oil/grease cutting additives incorporated
 - Ability to clean a wide range of heavy transport equipment.
- Incorporates low toxicity/ biodegradable additives
 - Safer product to use & environmentally responsible i.e: readily broken down in environment.
- May be applied by swab, brush, or water blasting
 - Flexible application & ease of use.

Physical Properties:

| Test | Units | Results |
|------------------|-------|-------------------------|
| Appearance | | Clear/bright red liquid |
| Density | g/ml | 1.07 |
| pH (Neat) | | 14.0 |
| pH (5% in water) | | 12.8 |

Health & Safety:

Super Ripper is a biodegradable cleaner. It is recommended as with all industrial oils & cleaners that repeated or prolonged contact in neat or diluted form is kept to a minimum. At no time should neat (undiluted) product be disposed of into sewers. Disposal in neat or diluted form into storm water or other waterways should always be avoided. If spillage occurs contact your local council authority or refer to the MSDS. For H&S advice refer to Syntol NZ Ltd. Phone (09) 634 6004.
