

Thread-Tapp Gold

Product Description:

A premium quality, extreme pressure fortified, multi-purpose neat forming oil, applicable for pipe threading, tapping & all forming & metal punching operations with all types of metals both ferrous & non-ferrous.

Product Applications:

Applicable for pipe treading, tapping, & all forming operations including deep drawing, punching, & general metal deformation work. The excellent emulsification properties of Thread-Tapp Gold allows easier removal of the oil from the work pieces after they have been formed.

Features & Benefits:

- Extreme pressure additives incorporated into the product
 - Provides excellent lubricity thereby minimizing heat buildup when pipe threading or tapping.
- Excellent emulsification properties
 - Allows for easy removal of oil from work pieces after the forming operation.
- Anti-corrosion additives incorporated
 - Provides excellent anti-corrosion of work pieces.

Physical Properties:

Test	Units	Result
Density	gm/ml	1.05typ.
Appearance		Clear/bright amber fluid
Viscosity @ 40C		90 typ.
Emulsion @ 10% in water		Stable

Health & Safety:

Syntol Thread-Tapp Gold is a petroleum based product. It is recommended as with all industrial oils & cleaners that repeated or prolonged contact with Thread-Tapp Gold is kept to a minimum. At no time should Syntol Thread-Tapp Gold be disposed down sewers, storm water, or any other waterway. If spillage occurs contact your local council authority or refer to the Syntol Thread-Tapp Gold MSDS. For further H&S advice contact Syntol NZ Ltd. Phone (09) 634 6004.
